New 10 segment grinding discs with extremely versatile connection hole pattern & pins for use on a wide range of grinding equipment including SASE and HTC grinders. Use wet only.

- For Fast, Aggressive Wet Grinding
- Post-backed with Versatile Connection Pattern
- In Medium or Soft bonds, Grits from 16 – 100
- For Use On a Wide Variety of Grinding Equipment

## Surface Pro® GOLD Wet/Dry Metal Pads

- Wet or dry use
- Long life up to 20,000 ft<sup>2</sup> or more
- 8mm thick 3" (82mm) Diameter
- For floor buffers or planetary machines
- Used for initial grind and as a transition disc
- Consult your GQ specialist for dry use applications

Stock No.	Description	Grit	Color	Price

## Surface Pro® PLUS Semi Metal Hybrid Pads

- Wet or dry use
- 6mm thick 3" (82mm) Diameter
- Designed to transition from metal segments to resin pads

Stock No.	Grit	Color	Price
400350	50	Green	\$29.95
400351	100	Black	29.95

## Surface Pro® GOLD Eraser Hybrid Pads

- Wet or dry use
- Available in 3", 5" and 7" diameters
- Works on the hardest concrete
- Best for first cut on edges
- Erase hard-troweled, burned finishes
- Aggressively grinds through hard-troweled finishes without the common glazing problems associated with competitive diamonds
- Superb results: even inexperienced operators grind and polish quickly without leaving gouges

Lavina

## Introducing the NEW ELITE SERIES from Lavina: A New Generation of High Performance Lavina Grinders.

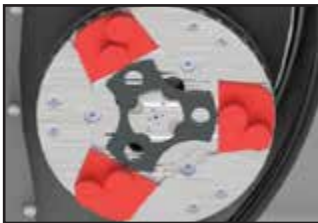

Lavina continues to be the industry leader in grinding equipment with the new ELITE line featuring these major upgrades and innovations:

### Re-Designed Frame & Dust-Proof Grinding Head with Low Friction Chain Gear Planetary Drive

The new frame delivers superior maneuverability and easy tool changes. The dust-proof head protects internal components from dust and moisture, which reduces maintenance and increases service life. The chain has been upgraded on 20/25/30-inch models.

### New Tool Security Lock

Updated tool security lock on the grinding heads provide more secure tool attachment. Elite machines are designed for use with Quick Change style tools only, metal and resin (not compatible with velcro backed tools or the old generation foam plates).

### EPA & CARB BLUE SKY Engines with Intelligent Fuel Control System (all Propane Models)

Unique digital fuel control system, "Lavina Fuel Minder" is highly responsive to changes in engine load, providing optimum air-to-fuel ratio regardless of operating conditions. Featuring LCD screen with user interface, service reminders, emissions warnings, battery voltmeter, and more.

### Dust Suppression Fine-Misting System with High Pressure Spray Nozzles

Small water droplets suppress and remove breathable fugitive dust particles from 0.1 to 1000 microns. Water can be delivered under the machine at the same time for optimal tool performance. Upgraded water pump.

### Convenient Integrated Weights

Increase the grinding head pressure while the weights are down so you can grind more aggressively. Weights should always be locked in the upward position. New lift points (2) designed to facilitate moving the machine with a forklift.

### Improved Dust Collection

Adjustable skirt with a flexible brush for better dust containment. The vacuum hose connection is now closer to the dust source and utilizes a metal camlock attachment.

### LED Lights for Floor Monitoring

Detachable magnetic LED light on the base in front improves visibility, and a second LED light attached low in the back of the machine helps monitor scratch pattern.

### Adjustable Handle Bar

Multiple handle positions for more convenient operation and transportation. For safety, the handle position must be locked when moving or using the machine.

### Phone Charging Station & Cup Holder

Dual USB 2.0/3.15 Amps for faster charging w/shutoff when charge is complete and durable stainless steel cupholder for user convenience.

### Remote Control Feature (Models L32RE, L25RE)

Precise control over the machine - two sensitive thumbsticks control its position and offset, including integrated mapping on the offset. A wide range of functions. Super light and easy to use with ergonomic rubber grip.

## Lavina® Elite Series – Electric

**ELITE**  
SERIES**LAVINA® L3213RE**

The **L3213RE** features NEW **Intelligent Remote Control** for precise control over the machine! Two sensitive thumbsticks control its position and offset, including integrated mapping on the offset. Super light and easy to use with ergonomic rubber grip. New HMI provides essential operating information and implements operators' instructions.

**HMI functionality includes:**

- Indications of power supply and power consumption
- Machine load and hours worked
- Tool holder rpm and option to choose rpm setting with tool input
- Water supply and lights activation
- Maintenance reminders
- Password activation and shutoff

Horsepower	20HP / 15 KW

## LAVINA® L14E

A light and easy to use single-head grinder for both professional and DIY projects. Runs on 115 V power - convenient for use on residential and commercial jobs. Suitable for different applications - coating removal, grinding of concrete, stone and wood, as well as polishing. Ideal for rental stores!

**Other features include:**

- Simple control panel and time counter
- Adjustable handle bar, can be moved left or right to use as edger
- Variable speed model, single phase, 115 V, 16 AMP
- Foldable frame & compact design fits in standard SUVs
- Machine can be divided in 2 pieces for transportation & storage.
- Durable stainless steel cupholder

Horsepower	2.45HP / 1.8 KW
Voltage	1ph x 115V
Amperage	16 Amp
Dedicated Breaker Requirement	
Weight of Machine	123 lbs / 24kg
Grinding Pressure, Weights UP	53 lbs
Attachment Speed	400-1000 rpm
Working Width	13.2 in
Tool Holder Diameter	13.2 in / 335mm

Machine Dimensions	47x15x39in

# TROWEL SHINE

## POWER TROWEL CONCRETE POLISHING SYSTEM

Superabrasive has developed a new system for polishing concrete with power trowels - Trowel Shine. Trowel Shine is ideal for use on new or old industrial floors with large square footage where traditional grinding and polishing is not a good option due to time frame, budget or other constraints. Trowel Shine transforms your walk-behind & ride-on power trowel (10.36" & 14" tool holder) into a planetary grinding and polishing machine, and you can achieve the desired concrete finish, from matte to glossy up to 10X faster than traditional polishing. Incredibly high productivity! More than 10,000 sq. ft. per hr. per grit.

Choose the size and number of Trowel Shine tool holders depending on your power trowel type, floating pans diameter and number of blades

5-Blade Pan #103352

Waffel #103325

Metal Bond #869362

ShinePro Plus

### IF FLOOR IS DAMAGED OR HAS A RAIN DROP EFFECT

If grinding is necessary, start with SA-MB Metal bond grinding disc (3", velcro backed). Use 3 pcs. on 10.63" tool holders, and 5 pcs. on 14" tool holders.

### OPTIONAL POLISHING STEPS: 1800 & 3500

For best results, use V-Harr 1800 & 3500 premium polishing pads or ShinePro diamond impregnated pads. Apply a concrete sealer after 3500 grit, if needed.

V-HARR® 1800 10.63" OR 14"

V-HARR® 3500 10.63" OR 14"

SHINEPRO® 1800 10.63" OR 14"

SHINEPRO® 3500 10.63" OR 14"

The Trowel Shine tool holders feature rotating head technology and flexible foam for an even tool wear and perfect balance.

Minimal start-up cost for power trowel owners who want to add polishing to their services - no need to buy new specialized equipment, all you need is a set of Trowel Shine tool holders and diamond tools.

Rotating head technology and flexible foam heads for an even tool wear and perfect balance.

# LAVINA® QuickChange™ X-Tooling System

The Quick Change system features replaceable trapezoid pads that easily slide in and out of a reusable plate - no bolting required! Instead of bolts or screws, the metal bonded trapezoid pads are held into place by a tapered "dove tail" system, further strengthened by a magnetic backing, making tool changes a breeze!

Surface Pro® Quick Change grinding segments were developed with concrete professionals in mind. These segments are top quality and they deliver superior cutting with long life. The grinding segments are divided into five different formulations based on concrete hardness: Soft, Medium, Hard, XHard, XXHard and 3XHard. The segments are also brightly colored for easy identification.

#### Proprietary Matrix

Our Proprietary diamond bonding process results in a matrix engineered for four primary benefits:

1. Guaranteed to out-cut and out-last your current diamonds-Put us to the test!
2. Extremely Aggressive Cutting Speed
3. No Glazing for Non-Stop Performance
4. Availability in a Range of Bonds for Concrete Hardness Variations: Soft, Medium, Hard, XHard, XXHard, and 3X Hard.

**Quick and Easy Segment Install and Removal!**

Don't Forget MOHS Hardness Kit for Material Testing on page 67 with chart.

### Surface Pro® GOLD Serrated Segments

- Serrated surface and super aggressive diamonds allow for tremendous grinding action
- An ideal solution for quick and efficient removal of concrete surface cream
- Quick change for easy on and off

Stock No.	Grit	Price
200652	20/30.....	\$42.00

### Rhino Segments

Based on polycrystalline diamond (PCD) and vacuum brazed diamond tool technology, these tools rapidly remove everything from epoxy and acrylic-based coatings to thinner coatings such as paint or adhesives. Because they have the Surface Pro® Quick Change connection, you will be cutting in no time.

Rhino PCD Ultra-Aggressive

Stock No.	Description	Color	Price
200601	Rhino, Standard.....	Silver.....	\$99.99

In the process of developing a coatings removal tool for the Surface Pro® System, we came up with a design and diamond formulation that was so aggressive we felt compelled to give it a special name. This was the birth of the Rhino, a PCD (Poly Crystalline Diamond) coatings removal segment. The Rhino segment is the meanest segment of its kind in the industry. The Rhino rapidly removes stubborn floor coatings such as epoxy, polyurethane, quartz epoxy, etc.

## LAVINA® X QC Trapezoid with PCD Segments and Sacrificial Bars

Designed for aggressive stock and coating removal. These are direction specific tools. Check direction before use. PCD with Sacrificial Bars are for thin to medium coating removal, not for thick.

- **Black (Electric Machines)**
- **Blue (Propane Machines)**

Stock No.	Description	Price
968290	2PCD seg,w/Sacrificial Bar, Black.....	\$89.00
968291	2PCD seg,w/Sacrificial Bar Left, Blue.....	89.00
968292	2PCD seg,Standard Rotation,Black.....	79.00
968293	2PCD seg,Left Hand Rotation, Blue.....	79.00

## LAVINA® QC PCD with Metal Segment

Designed to remove thin to medium coatings, mastics and glue. Metal Button /Segment acts as a stabilizer and depth guide and reduces gouging. Offered with 1 or 2 PCD segments, for right and left rotation. They are direction specific. Removes material from side to side, not from top.

- **Black (Electric Machines)**
- **Blue (Propane Machines)**

Stock No.	Description	Price
002597	w/1 Metal Button & 1 PCD Elec. Black.....	\$80.00
002598	w/1 Metal Button & 2 PCD Elec. Black.....	90.00
002599	w/1 Metal Button & 1 PCD Blue.....	97.00
002600	w/1 Metal Button & 2 PCD Blue.....	90.00

## LAVINA® Carbide Scrapers

Designed with replaceable tungsten carbide blades for quick and easy removal of thick glues and mastics. Ideal for floors that will be polished.

- Aggressive and fast removal of thick topical coatings *without* damaging sub floor
- Can be used with Lavina and most other grinders on via QuickChange adapter plates
- Best performance on lower rpms

Stock No.	Description	Price
968393	Black, Right Rotation.....	\$89.00
968394	Blue, Left Rotation.....	89.00
968452	Square Carbide Blade.....	25.00

Bush Hammered Profile

## LAVINA® Bush Hammer Tooling

For creating a textured, bush-hammered profile on concrete, ideal for use on exterior spaces and for creating anti-slip surfaces. These aggressive concrete texturing tools can be used on any electric Lavina grinder as well as other grinders on the market that use a QuickChange adapter plate. Each bush hammer roller is attached to standard QuickChange trapezoid pad that easily slides in and out the tool holder plate, with no bolting required.

- Designed for use on lower-RPM machines (700rpm or less)
- Great for thin coating removal/floor prep
- Use with security plate on Lavina equipment

Stock No.	Price
968351	\$499.00

## LAVINA® Tool Box

Lavina's specialized tool box is made of durable, lightweight aluminum and has 13 dividers, 5 for attaching your QC metals and 8 for your velcro-backed pads. Easily fits 45 pcs. QC metal tools +72 pcs., 3-inch resin pucks.

- Dimensions: 15 x 15 x 12.5"
- Weight: 16.5 lbs.

Stock No.	Description	Price
968371	Lavina Tool Box.....	\$399.00

## LAVINA® 3 Step Dry Polishing Pads

Lavina® Hybrid Polishing system only requires 3 steps to achieve the highest possible gloss, reducing polishing

time by over 50% and increasing tool life significantly. It brings down tools and labor cost per square foot. Can be used on any concrete following the last metal step.

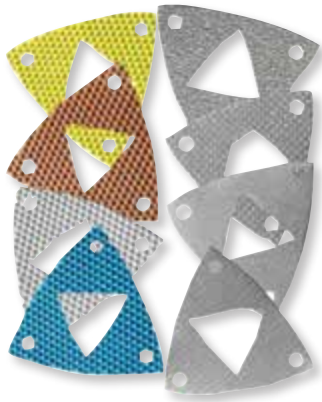

- Dry use

Stock No.	Step	Price
103304	Step 1.....	\$28.80
103305	Step 2.....	28.80

### LAVINA® CornerPro Triangle Polishing Pads

Designed to reach the inside of difficult 90° corners and areas where most tooling cannot reach. Special triangular shape reaches the furthest depths of corners and edges. Available in brazed, resin and electroplated bonds.

### LAVINA® NATO® Dry Polishing Pads

Superabrasive's Nato resin polishing pads are great for dry polishing on soft or harder concrete surfaces.

- Wide channels & patented tread design for work on a cleaner surface, ensuring a high quality polish
- 12mm thick layer of resin and diamonds for extra long life

## LAVINA® Edge Master 5-Step Edge Grinding System

Edge Master 5" and 7" turbo cups feature a proprietary high performing ceramic bond and is available in 5 grits to assist in making your edge work faster and more efficient. Use the extra coarse step when you need to remove deep scratches and gouges, or any hard topical materials on the edges. In most cases, you can start with the Coarse step. Designed with 5/8-11 threaded attachment for use on most handheld grinders.

- For Wet or Dry polishing on all concrete
- Max RPM (5"): 10,000
- Max RPM (7"): 7,000

## INDUSTRIAL HEPA VACUUM CLEANERS

- Compliant with OSHA's respirable crystalline dust standards
- Heavy-duty construction
- Ideal for power tools, 17" floor machines, walk-behind saws, 20"-25" concrete grinding and polishing machines and construction cleanup
- HEPA Filtration for improved indoor air quality
- Mess-free dust disposal with Longopac bagging system
- Air pulse filter cleaning system efficiently purges the pre-filter within the closed vacuum
- 2 (PAV-26) or 3 (PAV-36) switch system allows you to activate each motor independently
- Certified cylindrical shaped HEPA filter guaranteed 99.99% efficient at 0.3 microns
- 2" hose Inlet and 33' hose
- Large heavy duty wheels for easy transport over power cords and other floor obstructions
- Manometer, measures the negative pressure within the tank and alerts the operator when filter needs service
- Hour meter, helps to monitor HEPA filter life
- Two-year limited warranty

## Lavina® V38G-X Propane Dust Extractor

**The MOST POWERFUL  
VACUUM  
ON THE MARKET**

#869018  
\$16,990.00

- AUTOMATIC filter cleaning
- Integrated preseparator for improved filter life
- Tiltable filter chamber with gas springs to facilitate filter changes
- Dual intake port allows for connecting 2 large grinders via 3" hoses
- Adjustable cleaning interval, an option for forced cleaning, and an option for manual cleaning in emergencies
- EPA & CARB Blue Sky Engine featuring the new Lavina Fuel Minder
- Larger, stronger turning rubber wheels with brakes in front and foam-filled wheels in the back
- 2 anti-static hoses with metal camlock and a floor tool kit

Engine	Kawasaki FX1000V
Engine Capacity	999cc, 61 cu.in.
Propane Tank Capacity	33.5 lbs / 15.2 kg
Main Filter	Cartridge with 30 sock filters
Filter Surface Area	52 ft <sup>2</sup> / 4.8 m <sup>2</sup>
Filter Cleaning	Automatic
HEPA Surface Area (1 x H13)	108ft <sup>2</sup> / 10m <sup>2</sup>

## Lavina® V25GE Propane Dust Extractor

- 3-stage dust collection (cyclone, conical filter and Hepa).
- New filter chamber design with smaller dimensions but more space for dust.
- Improved conical filter made of the best filter material in the industry (thermally bonded PTFE membrane with ALU coating for excellent dust release; hydrophobic; antistatic); new seals; Additional 3rd valve for dust release before and after filter cleaning without stopping the vacuum. On electric models, the motors have separate valves and work independently from each other, so vacuum continues to work even if one motor is down.
- Easy access to the HEPA filter.
- Completely metal construction with innovative design, smaller and lighter for easier transportation.
- Option to attach 6.5" air duct.
- New, easier to mount Longopac attachment.
- Adjustable hood clamps.

Engine	Kawasaki FS481V

## Dust & Debris Management

### Husqvarna® S13 HEPA Dust Extractor

With Jet Pulse filter cleaning

S 13 is a quiet-operating single-phase HEPA dust collector to match the power cutter Husqvarna K 3000, hand held grinders, small grinders 5-7", small scarifiers and drywall sanders. This professional dust extractor is an all-around construction vacuum for picking-up a wide range of building materials and debris. Equipped with a tested and certified HEPA H13 filter. Features include Jet Pulse pre-filter cleaning and vacuum meter for filter control. The non-marking wheels are puncture free and lock at the front. The Longopac® bag hose system ensures simple, dust-free bag changes.

## Husqvarna® C3000 Pre-Separator

Captures 90% of the material before it reaches the dust extractor, keeping your dust extractor filters clean and extending your grinding operation longer without interruption. Equipped with Longopac for dust-free containment and disposal.

- Designed for S26, S36 & T4000
- Dimensions: 25"x 22"x 58"
- Weight: 49 lbs.

Stock No.	Price
869537 .....	\$1,072.00

## Husqvarna® C5500 Pre-Separator

The C5500-pre-separator significantly improves your dust extractor's capacity to handle choking quantities of dust.

- Use with T7500, T8600 & T10000
- Dimensions: 41" x4 9" x 65"
- Weight: 130 lbs.

Stock No.	Price
869538 .....	\$1,992.00

## Husqvarna® W70P Slurry Vacuum with Pump

Powerful w/evacuation pump emptying is through the valve, oil-cooled pump can handle concrete sludge, oils and cutting fluids. Equipped with a coarse separation basket and wet suction bag. Large bottom valve for simple cleaning.

- 15 gallon tank
- 118 CFM
- Water Lift: 90"
- 104 lbs.

## Dust Control

### Metabo® ASR35 ACP HEPA Vacuum

Meets or exceeds all regulatory standards concerning HEPA vacuums and provides the highest level of job-site dust containment.

- Ideal for Concrete dust or slurry and Stone dust
- Automatic shut-down when vacuuming liquids once the maximum fill level is reached
- Suction power control for adapted suction performance
- Power socket-vacuum starts automatically when a tool plugged into the tool outlet is turned on
- Vacuum runs on for 7 seconds after the tool is shut off to clear the hose of any debris
- Twin polyester filter cassettes with large filter area for constantly high suction capacity

### Makita® VC4210 11 Gallon Wet/Dry HEPA Filter Dust Extractor/Vacuum, AWS™ Capable

The 11 Gallon Wet/Dry HEPA Filter Dust Extractor/Vacuum (VC4210L) is a best-in-class solution for dust extraction in concrete and woodworking applications. The VC4210L is powered by a 12 AMP motor that generates 148 CFM of suction power and 92" of water lift to take on the most challenging applications.

- Powerful 12 AMP Motor Generates 148 CFM of Suction Power and 92" of Water Lift
- Automatic Filter Cleaning System for longer filter life
- HEPA filter captures 99.97% of particulates .3 microns and larger
- Efficient three stage filtration system with main flat filter captures 99.95% particles 2 microns and larger
- On-board tool-activated power outlet starts and stops vacuum with a 10 second "off" delay to clear any remaining debris
- Auto-start Wireless System (AWS™) utilizes Bluetooth® technology for wireless power-on/off communication between tool and dust extractor/vacuum
- AWS™ capable with Auto-Start Wireless Universal Adapter (WUTO2U) sold separately
- Soft start function for lower amp-draw at start-up
- Variable speed control dial for a variety of applications
- Motor chamber constructed of quality sound-absorbing materials resulting in a quiet operating sound level of 60 dB(A)
- Large, wide-set rear wheels and steel casters provide increased stability and mobility on the job-site

## Jobsite Cleanup Solutions

GelMaxx slurry products were designed to help the contractor during all parts of the cleanup phase. The unique formula uses organic materials making it safe for the environment and operators, while maintaining EPA compliance.

**GelMaxx ECO-QUICKgel** solidifies absorbs concrete slurry into a dry material and can be disposed immediately in any standard trash container.

**GelMaxx AQUAmaxx** separator reduces the amount of concrete slurry while producing reusable water for jobsite machinery.

### GelMaxx Eco-Quick Gel

GelMaxx Eco-Quick Gel is a solidifier that will absorb slurry solids into a safe material that can be disposed of immediately. Eco-Quick Gel meets the EPA Method 9095B Paint Filter Test and EPA regulations for proper disposal methods. 20 grams per gallon of treated material will create a gel like substance within minutes that is safe to dispose of in standard waste container. Eco-Quick Gel encapsulated the heavy metals, and keeps the slurry from emulsifying. Eco-Quick Gel can reduce the liability and the cost for slurry water disposal.

Amount of Slurry	Amount of Eco-Quickgel Required
1 Gallon	20 Grams
5 Gallons	100 Grams
55 Gallons	2.5 lbs.
110 Gallons	5 lbs.
300 Gallons	14 lbs.
500 Gallons	23 lbs.

113467	50 lb. Box Eco-Quick Gel .....	250.00

### GelMaxx AQUAmaxx

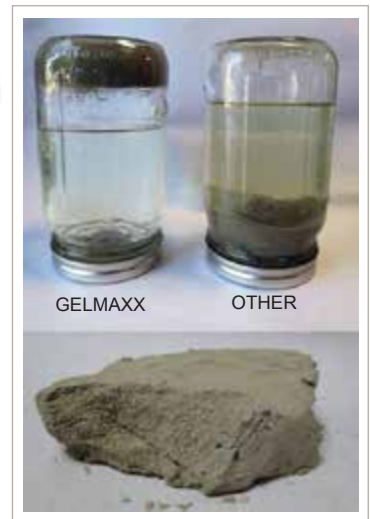

GelMaxx AQUAmaxx is a proprietary blend with special additives that will separate suspended solids from processed slurry water. It separates the solids within minutes, and can handle light, medium, and heavy concrete slurry. This powerful material will reduce the amount of slurry waste by removing the usable water. This water can be reused back into the job site machinery. It only takes 2 to 4 tablespoons of AQUAmaxx per gallon of slurry.

Stock No.	Description	Price
113468	1 Gallon Bucket .....	\$35.00
113469	5 Gallon Bucket .....	150.00

Qty. of AQUAMAXX	Per. Qty. of Slurry Water

### P2 PRO-V™ Crack-Chaser Blades

**PEARL**

FOR CLEANING, ROUTING AND REPAIRING OF CRACKS IN CONCRETE AND MOST OTHER BUILDING MATERIALS.

Diamond matrix is designed for consistent even wear. Precision balanced.

Using Pearl's unique Direct Sintering Technology (DST™) the Crack-Chaser™ is molecularly bonded directly to the core. Because there are no segments to fly off the Crack-Chaser™ is the safest, most effective product for re-routing cracks and crevices. The Crack-Chaser™ has been engineered to quickly sink into cracks and crevices. The special design enables the Crack-Chaser™ to produce a 1/2" wide 70° V-shaped groove. This has proven to be the most effective configuration for re-caulking and re-filling.

## Overlay And Repair

### LAVINA® Edge Master 5-Step Edge Grinding System

**EDGE MASTER**

Edge Master 5" and 7" turbo cups feature a proprietary high performing ceramic bond and is available in 5 grits to assist in making your edge work faster and more efficient. Use the extra coarse step when you need to remove deep scratches and gouges, or any hard topical materials on the edges. In most cases, you can start with the Coarse step. Designed with 5/8-11 threaded attachment for use on most handheld grinders.

- For Wet or Dry polishing on all concrete
- Max RPM (5"): 10,000
- Max RPM (7"): 7,000

## Portamix Mega Hippo®

For rugged building-site mixing and pouring, the Portamix Mega Hippo offers a very convenient and cleaner way to mix, transport and pour concrete, directly onto the floor with only one operator required. The newly designed model reduces airborne dust and splatter with it's cannister cover and vacuum port. Hinged cover may be locked down with optional bolts if required, or left loose for easy removal.

- Produces excellent mix consistency
- Dust extraction port for vacuum connection
- With Rimless Bucket and Removable Liner
- 4 Casters for level floor use for accurate placement, pour and spread at the same time
- Mix consecutive batches with no down-time

Stock No.	Description	Price
024033	Mega Hippo w/Lid.....	\$2,845.00

**Mixing multiple batches is cleaner, faster and easier than ever with the MEGA HIPPO system!**

Vacuum Connection

## TEC® Floor Patch Pro

For patching or skim coating of floors.

- Feather-edge to 2" (5 cm) in thickness
- Initial set in 15 minutes
- Superior workability for easy application
- Low dust when sanded
- Can be used as an embossing level
- 25 lb. bag

Stock No.	Description	Price per Bag
569504	Floor Patch Pro, 25 Lb. Bag.....	\$19.65

## Prospec® Level Set® Polishing Grout

Rapid-setting, high strength polishing grout designed to fill pinholes and surface imperfections that occur during the polishing process of the self-leveling overlays.

- Fast setting for a quick turnaround time
- Ultra-smooth finish, perfect for polishing
- Excellent workability for trowel application

Stock No.	Description	Price per Bag
569543	Gray (40 lb).....	\$61.15

## Spal-Pro RS-88

### Composition

Spal-Pro RS 88 is a 100% solids, two component heavy duty, semi-rigid polyurea joint filler intended for use in filling and protecting contraction and construction joints in industrial, retail or commercial concrete floors.

### Basic Use:

Spal-Pro RS 88 was developed to fill and protect joints in trafficked industrial and retail concrete floors. Its primary function is to support such traffic and protect joint edges. Spal-Pro RS 88 is intended for use where final temperatures are from 32°F (0°C) to +120°F (49°C).

### Other Use:

Spal-Pro RS 88 is also ideal for filling random cracks in industrial floors.

## Rapid-Floor

### Composition

Rapid Refloor is a 100% solids, two component, low viscosity structural polyurea/polyurethane hybrid intended for use in repairing cracks and small surface defects such as bolt holes and pop-outs in industrial, retail or commercial concrete floors. Rapid Refloor's rapid set chemistry allows for return to service in 30 minutes or less.

### Basic Use:

Rapid Refloor was developed to repair random cracks and surface spalls/pop-outs and other surface defects in industrial concrete floors that are subject to wheeled traffic. Rapid Refloor is designed for use in industrial or retail concrete floors where final building temperatures are 32 °F (0°C) to 120 °F (49°C)..

## Overlay And Repair

### Surface Refinement Grout

#### Composition

SRG is a two-component, 95% solids structural polyurethane/polyurea hybrid. When cured, SRG is a rigid structural polymer.

#### Basic Use:

SRG was developed to fill/repair concrete floor surface imperfections such as air holes, popouts, surface pitting, scratches and gouges, etc. SRG is designed for use on commercial or retail polished concrete floors where final building temperatures are 32°F (0°C) to +120°F (49°C).

### MM-80 and MM-80P

#### Composition

MM-80 and MM-80P is a 100% solids, two component, heavy duty semi-rigid epoxy joint filler designed to fill and protect contraction and construction joints in industrial concrete floors.

**MM-80P** is a rebalanced version of our MM-80 offering a 1:1 mix ratio for use with dual component pumps. The industry's first semi-rigid joint filler and still widely known as the "industry standard" in floor joint protection.

#### Basic Use:

MM-80 was developed to fill and protect joints in industrial concrete floors that are subject to hard wheeled material handling traffic and heavy loads. Its primary function is to support such traffic and protect joint edges. MM-80 is designed for use in areas where final temperatures are from 40°F (10°C) to +120°F (49°C). It is also ideal for joint and crack repair.

### Edge-Pro 80

#### Composition

Edge-Pro 80 is a two-part, 100% solids, rapid-setting polyurea polymer liquid system.

#### Basic Use:

Edge-Pro 80 was developed to fill and protect joints in exposed concrete retail floors and in moderate-duty warehouse concrete floors. Its primary function is to protect joint edges from spalling under material handling vehicle traffic. Edge-Pro 80 is intended for use where final operating temperatures are from -20°F (-29°C) to +120°F (49°C).

#### Other Use:

Edge-Pro 80 is also ideal for filling random cracks in exposed concrete retail floors and in moderate-duty warehouse concrete floors.

## Joint Saws

### GCT-10 Gorilla Dustless Joint Saw

The Gorilla Concrete tool's dustless tank series saw is made with durability in mind to withstand the abuse from the toughest trade in the industry. The solid construction combined with a weight of only 70lbs allows for easy transport while reducing vibration and chipping, creating a perfectly balanced saw.

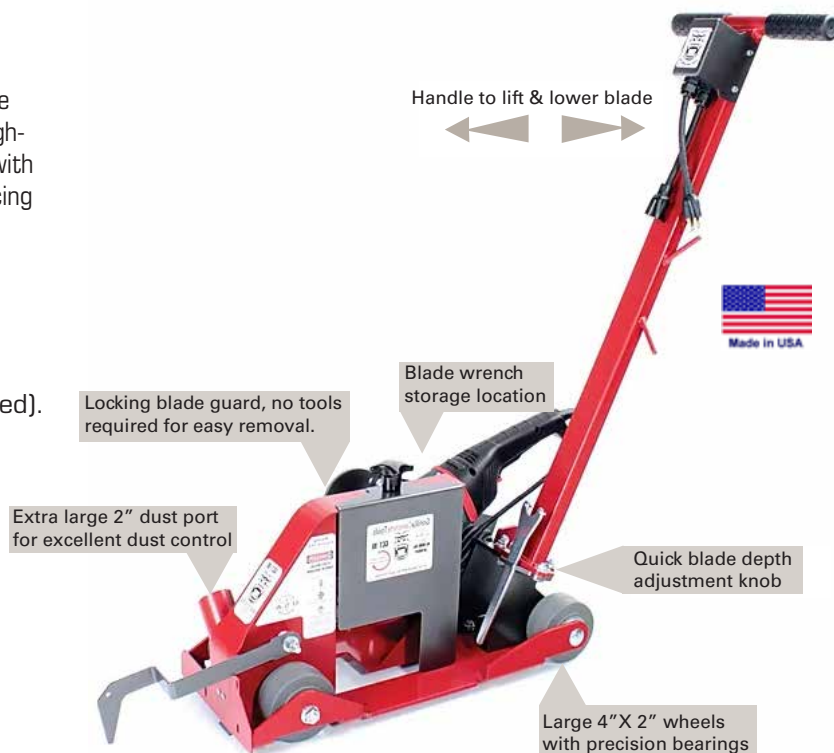

- Adjustable up to 3 inches of cutting depth.
- Rigid 1/4" thick welded steel frame.
- Large 4" cushion wheels with sealed precision bearings.
- Adjust the cutting depth in seconds (no tools needed).
- Solid one piece handle and metal switch box.
- 2" dust port
- Powder coated finish

#### SPECS

Power	6600 RPM
Voltage	120V
Amperage	15 Amp
Motor	Metabo W24-230
Weight of Machine	70 lbs.
Required Blade	8-10 inch
Arbor 5/8 in.	7/8 in. blade clamp adpt.

\* 230V option available on special request

Stock No.	Description	Price
200110	Gorilla Saw.....	\$1,595.95

### GCT-9 Silverback Dustless Joint and Crack Chasing Saw

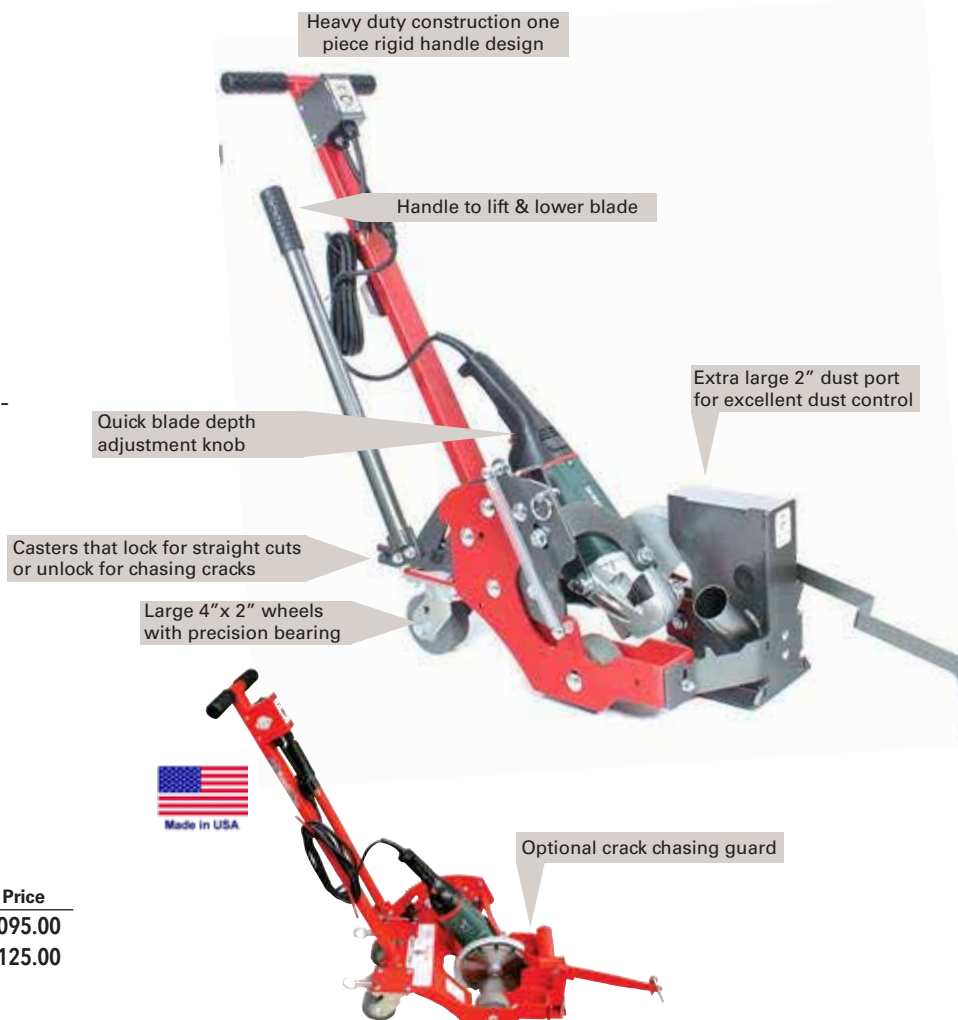

Electric walk behind concrete saw. It's almost completely dustless. Perfect for cutting indoors or outside. The only true joint clean out saw and crack chaser on the market.

- By pulling two pins this traditional joint saw now has the ability to transition into a crack chaser or decorative concrete saw.
- The open dust collector allows the operator to site the blade without sacrificing dust control.
- Everything about the saw says high quality, from the heavy duty wheels and casters to the 1/4" thick welded steel frame.

#### SPECS

Power	6600 RPM
Voltage	120V
Amperage	15 Amp
Motor	Metabo W24-230

## Ameripolish®

### Ameripolish® PCA

AmeriPolish PCA is a curing agent that chemically hardens and dust-proofs concrete for improved abrasion resistance without forming a coating. PCA is recommended on newly placed concrete to add initial water and stain repellency while retaining slab moisture for improved curing. PCA requires no UV light for dissipation and can be used with integrally colored concrete.

Stock No.	Size	Price
110460	5 Gallons.....	\$199.00

### Ameripolish® Strip & Clean

Provides the opportunity to remove Stain Protector without having to use diamond grinders. Water-based stripping agent specially formulated for the removal of the Ameripolish WB Stain Protector from polished concrete floors that have received the Ameripolish dyes.

Stock No.	Size	Price
110275	1 gal. ....	\$40.00

### Ameripolish® EZ-Kut Grinding Agent

Ameripolish® EZ-Kut Grinding Agent is a water based, grinding agent used for the initial cut on hard, dense concrete and helps with exposing large aggregate faster than dry only or wet methods. EZ-Kut also helps by dramatically increasing the productivity of lower-grit diamond tooling.

Stock No.	Size	Price
103111	1 gal.....	\$39.00
103115	5 gal.....	190.00

### Ameripolish® Oil Ingester

Ameripolish® Oil Ingester is an enzyme-based product that consumes and breaks down oil-based materials and absorbs odors from the surface of the concrete without causing damage or affecting any existing colorant, sealer, or stain protector. The biodegradable product is environmentally safe and can be left on surfaces for several days if needed to deeply penetrate seeped stains.

Stock No.	Size	Price
113079	1 gal.....	\$82.50

### Ameripolish® 2D PL Fast-Setting Densifier

Ameripolish 2D PL™ is a multi-silicate blend, that is intended for use on extremely porous concrete. 2D PL sets up faster than other Ameripolish densifiers, this keeps the majority of the 2D PL at the surface of the concrete in order to harden the wearable surface. Its ideal use is on open or porous concrete that will readily accept densifiers. When used with Ameripolish SR2 Stain Resistor it is especially effective at resisting stains.

Stock No.	Size	Price
110583	5 Gallons.....	\$142.50

### Ameripolish® 3D HS

3D (3 densifiers in one product) Hybrid Silicate Densifier improves surface performance and resists the harmful effects of traffic wear and weathering. By having 3 different size molecule silicates this product fully penetrates varying densities of concrete regardless of region or hardness. This improves the abrasion resistance for new or aged concrete. 3D HS is ideal for use for exposed and polished concrete, as well as cements with integral color.

Stock No.	Size	Price
110578	1 Gallon .....	\$58.00
110283	5 Gallons.....	200.00

### Ameripolish® 3D HSL

3D (3 densifiers in one product) Hybrid Silicate Densifier HSL is formulated with 3 different size molecule silicates to penetrate even the most difficult, tight floor cap to strengthen and densify from within the concrete by providing strength at multiple levels of the slab. 3D HSL improves surface performance and resists the harmful effects of traffic wear and weathering by improving the abrasion resistance for new or aged concrete. 3D HSL is ideal for use for exposed and polished concrete, as well as integrally colored cements.

# ColorJuice E™ Concrete Colorant System

**ColorJuice E™ was created for outdoor use but can also be used indoors.**

Ameripolish® ColorJuice E™ concrete colorant is a fast, easy way to apply color to some types of interior and many types of exterior concrete. ColorJuice E is an improved formula of the old ColorJuice 3D and has an identical application process. It provides durable, rich hues by bonding color pigment directly into the concrete. ColorJuice E is ideal for porous concrete finishes such as broom-finished or stamped concrete including pavements, porches, patios, driveways, sidewalks and pool decks. Can also used for interior concrete (at the appropriate grit stages) such as garage floors, and can be applied to other cementitious surfaces. Horizontal or vertical application.

**FEATURES:**

- Ideal for indoor or outdoor use
- Fast, easy application
- Available in 14 transparent colors
- Water-based and UV stable
- Low VOC
- Works well with Ameripolish X-Link series sealers
- Best results obtained when EZ-Etch is used to prep surface before color application

**PRODUCT SPECIFICATION:**

Product Name - Ameripolish® Color Juice E™			
Product	Volume (RTU)	Covering Sq. Ft./G	m2/L

**PREP AND USE:**

Color Juice should be prepped properly for long term performance and sealed with one of the Ameripolish Sealers. Use Ameripolish Strip and Clean for cleaning and degreasing, and Ameripolish EZ Etch for profiling and removing latest concrete. Use Ameripolish X Link™ surface sealer, Ameripolish DNS 400™ solvent based sealer, or Ameripolish SR2™ penetrating stain resister.

**COVERAGE:**

Application:	Spray and Ameripolish® Microfiber Pad
Appearance:	(Hardener) Milky Liquid
VOC:	Compliant: Hardener - 1g/1 Color-g/1
Shelf Life:	1 /year
Solvent:	Water Based

**CAUTION:**

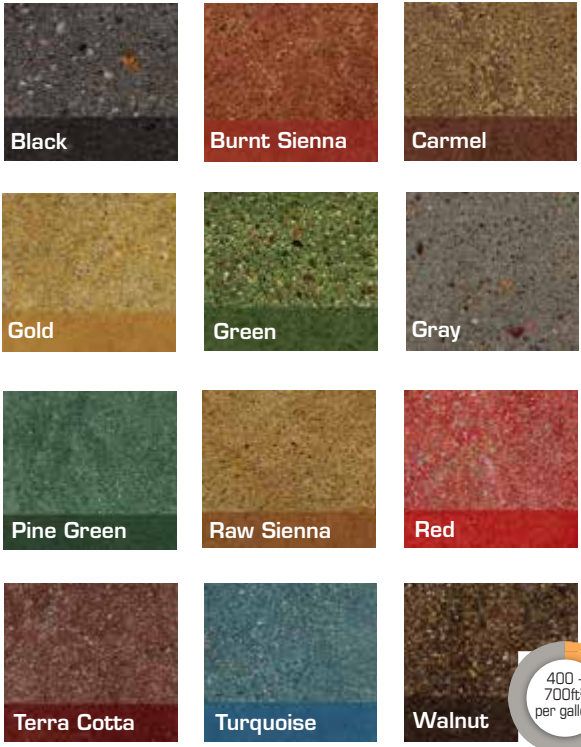

Before using Ameripolish Color Juice E™ read the SDS and Technical Data Sheets. Use good hygiene when handling this product. Wash hands and any areas that come into direct contact with this material.

# POLISHED CONCRETE COLOR SYSTEM

## Color Selection Chart

### Ameripolish® Edge Tint

• **Concrete dye concentrate for interior use.**  
 Not all concrete is accessible or easy to grind, so Ameripolish created the Ameripolish EdgeTint to provide complementary or contrasting color for edges and footings.  
 Ameripolish Edge Tint is a mixture of Ameripolish's proprietary non-yellowing acrylic blend (Part A) and the Ameripolish Dye coloring pack (Part B). When blended together, EdgeTint allows you to apply color that can either be complementary, or contrasting, to your field color at edges, footings and hard to reach areas, or areas where it is impractical to grind and polish.

### Ameripolish® Classic Dye

• **Concrete dye concentrate for interior use.**  
 The Ameripolish solvent base dye is formulated using extremely fine molecules of color designed to penetrate and color any cementitious surface.  
 Ameripolish dye was created for use with polished concrete, but can also be used as a base color or touch up for concrete that has received integral color, dry shake hardeners, acid stains or even as an overlay to itself.

### Ameripolish® Surelock Dye

Ameripolish Surelock Dye mixes with water or Ameripolish ColorSolve™ and is VOC compliant. Consistent, rich penetrating color with UV stabilizers resists fading. Water-based liquid concentrate eliminates 3-hour wait to dissolve dye required by some coloring products.

- Liquid dye concentrate
- For interior use only
- Ameripolish's most vibrant concrete dye
- Can be mixed with water

## Ameripolish®

### Ameripolish® ColorSolve

Ameripolish® ColorSolve is a solvent carrier designed and recommended for use with Ameripolish® Classic and SureLock™ concrete dyes. Use of ColorSolve extends the dye coverage rate, increasing it to up to 1,000 square feet

per gallon! ColorSolve should be applied by using an appropriate solvent sprayer with or without a microfiber mop. Due to the lower evaporation rate of ColorSolve, using a Ameripolish® microfiber mop reduces labor costs and saves time. Use of ColorSolve does not require taping and masking areas in preparation for the dye treatment.

- Leaves no or very little residual dye on surface saving time on cleaning and dye expense
- Allows concrete dyes to be applied at higher grit levels such as 800 or 1,500 grit for color enhancement or refurbishing

Stock No.	Size	Price
103215	1 gal.....	\$39.80
103216	5 gal.....	157.80

### Ameripolish® Maintain/Rejuvenating Cleaner

Ameripolish® Rejuvenating Cleaner is a concentrated multipurpose cleaner that removes daily debris from hard surfaces, as well as reinforces the sealer to extend the life of polished concrete floors. It rejuvenates the floor by reapplying trace amounts of densifier and stain resistant additives while you clean with an auto-scrubber. This allows the reapplication of SR2 as far out as every 2 years.

- Ideal for daily cleaning of polished concrete terrazzo, epoxy, urethane and other hard surface flooring
- Contains chemical analogues to SR2 that reinforce stain protection
- Contains no harsh chemicals
- Low VOC, VOC compliant
- Easy to use tilt measure bottle, biodegradable

Stock No.	Size	Price
110574	32 oz.....	\$28.00

### Ameripolish® Penetrating Agent Plus

The Ameripolish® Penetrating Agent Plus has been formulated to increase your options of adding color to polished concrete. With the addition of the Penetrating Agent, the necessary window of time is delayed allowing for the dyes to penetrate. Additionally the Penetrating Agent, in many cases, will provide the opportunity to add color to floors which have already been densified and polished.

- Extremely easy to use - add 1 to 4 oz. to a pre-mixed gallon of dye
- Applied to most cementitious surfaces
- Packaged in 30 oz. bottles that can be shipped by ground or air

Stock No.	Size	Price
110067	32 oz.....	\$35.00

architectural concrete products

### Ameripolish® CFE2000 High Performance Multi-Purpose Cleaner

Ameripolish CFE 2000™ is our latest cleaning solution designed to break down the toughest and most troublesome stains. CFE 2000 is very effective in environments where other aggressive chemicals are unsuccessful. CFE 2000 is eco-friendly and comes in a concentrate intended for automatic scrubber use.

- Cleans the toughest greases and oils
- Breaks down organic material
- Removes salts and minerals that can cause efflorescence
- Eco-Friendly
- Concentrate
- Usable in automatic scrubber
- Ready to use

per gallon

### Ameripolish® OS Integral Color

Ameripolish® OS Integral Color is a concentrated liquid dispersion of mineral oxide pigment particles. Pigments meet ASTM C979, Standard Specification for Pigments for Integrally Colored Concrete and are available in a broad range of hues. Ameripolish® OS Integral Color is specifically formulated for compatibility with cementitious overlays. It is approved by the manufacturer of Rapid Set® TRU™, a leading cementitious self-leveling polishable overlay. CALL FOR DETAILS

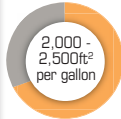

# Ameripolish®

## Ameripolish® 3D SPE

### Stain Protector

Ameripolish 3D SP E™ is a breathable semi-penetrating/semi-topical sealer that helps to protect surfaces against stains and etching. 3D SP E™ creates a water-resistant barrier that prevents liquids from infiltrating the surface, protecting against staining and color dispersion. The re-formulation of the original 3D SP formula, 3D SP E has better abrasion and chemical resistance, but maintains the same easy application methods.

Stock No.	Size	Price
110579	1 Gallon.....	\$60.00
110580	5 Gallons.....	300.00

## Ameripolish® X-Link E WL™

X-Link E (WL) is a modified urethane highgloss sealer which provides a true wet look, is extremely durable and breathable from under concrete surfaces. Designed for use with ColorJuice Extreme, it can also be used to seal natural concrete as well as other cementitious surfaces such as porous brick, natural and manufactured stone, stucco, slate, and flagstone.

- Ready to use formula
- Wet look finish
- Oil and chemical resistant
- Added mildew and UV protection
- Fast application, 1 hour dry time
- Coverage: 500-1,000 sq. ft./gal.

Stock No.	Size	Price
103213	1 gal.....	\$31.80
103214	5 gal.....	159.00

## Ameripolish® X-Link WB Surface Sealer

Ameripolish® X-Link Surface Sealer is a fast drying-water based sealer that protects and beautifies decorative concrete. X-Link is designed for use with ColorJuice E Concrete Colorant Concentrate, but may also be used on uncolored concrete or with compatible color products, in both exterior and interior applications. It is ideal for any concrete finish including porous concrete, concrete masonry and other cementitious surfaces, as well as porous brick, natural and manufactured stone, stucco, slate, unglazed tile and flagstone.

Stock No.	Size	Price
110569	1 Gallon.....	\$31.80
110570	5 Gallons.....	159.50

## Ameripolish® SR2

Ameripolish® SR2 is a penetrating stain repellent specifically formulated to protect polished, dyed and non-dyed concrete from oil, water-based stains and acidic etching agents. The water and oil repelling qualities of SR2 provides superior stain protection on most substrates. SR2 can be used as a standalone product but, to obtain optimum performance, Ameripolish SR2 is recommended for use with Ameripolish 3D HS or HSL Densifiers.

Stock No.	Size	Price
110290	1 Gal.....	\$138.00
110291	5 Gal.....	590.00

## Ameripolish® SR2 WB

Ameripolish® SR2 WB is a water-based, penetrating stain repellent specifically formulated to protect polished, dyed and non-dyed concrete from oil, water-based stains and acidic etching agents. The water and oil repelling qualities of SR2 WB provides superior stain protection on most substrates.

- Great alternative where solvent based products are not applicable
- Economical penetrating sealer alternative
- Non-topical, penetrating sealer
- Treated surfaces "breathe" and do not trap moisture
- Extreme hydrophobic and oil phobic characteristics for maximum stain resistance

Stock No.	Size	Price
110454	1 gal.....	\$76.00
110455	5 gal.....	380.00

## Prepare

Consolideck® surface prep cleaners and stain removers ensure concrete floors are ready for hardeners, densifiers, treatments and coating that improve the floors' appearance, performance and service life.

### Grind-N-Fill

Mixes with the dust created while grinding concrete floors to fill pinholes, small air voids and pop-outs.

- 200-400 sq.ft. per gallon

Stock No.	Desc.	Price
460751	Grind-N-Fill 1 Gal., (Case of 4).....	\$47.66
460752	Grind-N-Fill 5 Gal.....	220.64

### Wax & Cure Remover

Removes accumulated waxes and cures.

- 300 - 500 sq.ft. per gallon

Stock No.	Desc.	Price
104732	Wax & Cure Remover 5 Gal.....	\$414.60

### First Cut

Reduces scratches and increases the efficiency of diamonds when wet-grinding.

- 150 - 300 sq.ft. per gallon

Stock No.	Desc.	Price
104860	First Cut 5 Gal.....	\$205.95

### Cleaner/Degreaser

Removes surface oil, grease and traffic stains.

- 500 -800 sq.ft. per gallon

Stock No.	Desc.	Price
104779	Cleaner/Degreaser 1 Gal.....	\$50.79
104733	Cleaner/Degreaser 5 Gal.....	253.95

### Oil & Grease Stain Remover

Removes embedded oil and grease stains.

- 25 - 35 sq.ft. per gallon

Stock No.	Desc.	Price
101743	1 Gallon.....	\$43.32

### SafEtch®

Mildly cleans and prepares textured concrete for conventional surface coatings. Safer to use than conventional acids.

- 150 - 500 sq.ft. per gallon

Stock No.	Desc.	Price
104788	SafEtch® 1 Gal.....	\$43.30
104789	SafEtch® 5 Gal.....	203.95

## Harden/Dustproof

Consolideck® hardeners/densifiers save time and money because they don't need scrubbing and washing like typical sodium- and potassium-silicate products. Just spray and dry in about an hour.

### LS™

Easy-to-apply premium lithium silicate treatment extends concrete service-life by improving durability.

- 500 - 800 sq.ft. per gallon

Stock No.	Desc.	Price
146068	Prosoco LS™ (Li Silicate) 1 Gal.....	\$59.79
104700	Prosoco LS™ (Li Silicate) 5 Gal.....	195.70

### First Cut w/Densifier

First Cut w/Densifier is formulated especially for wet grinding and power-trowel polishing. Allows simultaneous grinding and floor densifying for faster, more efficient work. Moves slurry solids away from diamond tooling while wet grinding for more efficient use of diamonds.

- First application: 300 - 600 sq.ft. per gallon
- Maintenance: 600 - 1000 sq.ft. per gallon

Stock No.	Desc.	Price
460785	First Cut w/Densifier 5 Gal....	\$274.90

### LS/CS™

Easy-to-apply blended, penetrating silicate treatment extends concrete service-life by improving durability and eliminating dusting.

- 300 - 800 sq.ft. per gallon

Stock No.	Desc.	Price
104702	Prosoco LS/CS™ (Li Sil./Ca Sil.) 5 Gal.....	\$168.65

### Blended Densifier

Multiple-silicate densifier that can be burnished for a quick sheen.

- 400 - 800 sq.ft. per gallon

Stock No.	Desc.	Price
104865	Prosoco Blended Densifier - 1 Gal.....	\$40.15
104861	Prosoco Blended Densifier - 5 Gal.....	194.55

Water-based protection against water and salt attack for concrete. • 100 - 500 sq.ft. per

Stock No.	Desc.	Price
104741	SaltGuard WB, 5 Gal.	\$231.10

### DuraSheen

A non-yellowing cure and seal compound that provides a hard, glossy finish, delivering stain resistance and water and dust proofing performance. • 300 - 600 sq.ft. per gallon.

Stock No.	Desc.	Price
104796	DuraSheen, 5 Gal.	\$212.50

### LS Guard™

Long-lasting, high-gloss sealer and protective treatment for polished concrete. No more constant re-coating with waxes, polished or conventional resins.

• 1500 - 2500 sq.ft. per gallon

Stock No.	Desc.	Price
104715	Prosoco LS Guard™ (Li Sil. Hardener) 1 Gal.	\$106.89
104701	Prosoco LS Guard™ (Li Sil. Hardener) 5 Gal.	406.85

### Polishguard™

Glossy sealer protects interior decorative concrete floors from spills, including acidic liquids such as vinegar.

• 400 - 800 sq. ft. per gallon

Stock No.	Desc.	Price
106065	Polishguard™, 1 Gal.	\$105.05
106063	Polishguard™, 5 Gal.	411.95

### GuardEXT™

Glossy sealer and protective coating for exterior horizontal concrete. Enhances the appearance of standard gray, chemically stained, integrally colored or color-hardened concrete. • 200 - 600 sq.ft. per gallon

Stock No.	Desc.	Price
104773	Guard Exterior™, 1 Gal.	\$92.63
104774	Guard Exterior™, 5 Gal.	440.60

### Concrete Protector WB

Penetrating treatment for finished concrete floors from steel troweled to highly polished. • 400 - 600 sq.ft. per gallon

Stock No.	Desc.	Price
104866	Concrete Protector, 1 Gal.	\$109.69
104875	Concrete Protector, 5 Gal.	545.80

### Concrete Protector SB

Penetrating treatment for finished concrete floors from steel troweled to highly polished. • 400 - 600 sq.ft. per gallon

Stock No.	Desc.	Price
248001	Concrete Protector SB, - 1 Gal. (Case of 4)	\$143.05
248005	Concrete Protector SB, 5 Gal. (Case of 4)	705.70

### Maintain

Daily and weekly cleaning to protect your investment and help your floors in the long run. They make concrete floors last longer and reduce the chance of staining and other damage.

### SLX 100™ Water & Oil Repellent

Consolideck® SLX100 Water & Oil Repellent stain blocker prevents staining by waterborne and oily substances on most substrates. This modified "neat" silane system offers invisible protection and low volatility.

- Reduced VOC content below 350 g/L
- Provides long-lasting protection
- Excellent surface beading

Stock No.	Desc.	Price
550551	SLX100™ 1 Gal.	\$239.66
550555	SLX100™ 5 Gal.	1,184.35

### LSKlean™

Consolideck® LSKlean is a lithium silicate cleaner. Keeps concrete floors and countertops looking their best.

Stock No.	Desc.	Price
104728	LSKlean ULTRA™ 5 Gal.	\$147.25

### DailyKlean™

Consolideck® DailyKlean is a specially designed concentrated maintenance cleaner for concrete floors, including floors hardened and densified with lithium-silicate products.

Stock No.	Desc.	Price
104767	DailyKlean™ 5 Gal.	\$95.55

### Microfiber Handle & Pads

Used for application and maintenance

Stock No.	Desc.	Price
111022	5" x 18" Microfiber Wet Pad	\$5.49
111023	18" Aluminum Frame for Pads	13.33
111024	Extendable Aluminum Handle	11.90

### Easy-Mask® Tape & Drape

- 5 mil Pre-taped masking film
- Lasts up to 14 days
- For commercial or residential use
- Treated film attracts over spray
- Fast and easy to use
- Quick and easy clean up

Stock No.	Description	Price Ea.
340127	2' x 90' - 12/case, .4 mil thick	\$7.35
340128	3.94' x 72' - 6/case, .5 mil thick	9.80

## EZ Polish System

### EZ Polish System-simple, perfect finish every time.

The system allows projects to be delivered with less installation time, lower costs, and with a measurable result. The tooling combined with the chemicals lowers the installation time while the integral use of the RA meter ensures consistent and sustainable results.

### EZ Polish® RA (Roughness Average) Meter

Consistent results are obtained using the EZ Polish RA meter. After processing of the floor with Tool 1, check to ensure the proper profile reading is achieved, then move on to Tool 2, or refine further with Tool 1. Once the benchmark is achieved the same procedure is performed after Tool 2 with a lower benchmark to be attained for consistent results.

- Ensures the proper RA level is achieved

### EZ Polish® Tooling

This disc follows any metal bond such as 16/20, or 30/40 grit, depending on the aggregate exposure you are looking for. Once the floor is prepped with the proper metal bonds, proceed to Tool #1.

- Use Tool #1 with EZ Green Cut
- Use Tool #2 with EZ Densifier
- Use Tool #3 for final, "mirror" polish

Stock No.	Description	Price Ea.

### EZ Polish® Maintenance Cleaner

Maintenance Cleaner is remove daily debris from hard surfaces while extending the life of the EZ Super Guard on polished concrete. The cleaner rejuvenates water repellency of stain protection, especially in high traffic areas without damaging concrete surfaces. EZ cleaner contains no harsh chemicals.

- Removes daily debris from hard surfaces
- Extends life of the EZ Super Guard on polished concrete
- 500 sq. ft./gallon

Stock No.	Description	Price Ea.
102206	EZ Maintenance, 5 Gal.....	\$57.20

### EZ Polish® Densifier

Lithium Silicate Densifier that improves surface performance and resists the harmful effects of traffic wear and weathering by improving the abrasion resistance for new or aged concrete. Ideal for use with exposed and polished concrete.

- Lithium Silicate Densifier • Hardens deep within the concrete
- Ideal for exposed or polished concrete
- UV stabilizers for longer lasting color & improved stain resistance
- 500-700 sq. ft./gallon

Stock No.	Description	Price Ea.
102204	Densifier, 5 Gal .....	\$249.00

### EZ Polish® Green Cut

EZ Green Cut is a diamond profiling solution containing nano abrasives which help to rapidly remove surface scratches during the grinding and cutting process. The nano abrasives work in conjunction with the tooling to reduce the need for multiple steps while profiling the floor. Contains nano abrasives to help rapidly remove surface scratches

- Profiles the floor
- Eliminates the need for multiple grinding steps
- 500 sq. ft./gallon

Stock No.	Description	Price Ea.
102203	Green Cut, 5 Gal.....	\$298.00

### EZ Polish® Super Guard

EZ Super Guard is a stain protector that is specifically formulated to protect polished and dyed concrete from stains and etching. It is designed to create stain resistance, color protection, and color enhancement. This is a high-gloss formula that will give your concrete floors an impressive shine.

- High-gloss formula gives concrete floors an impressive shine
- Protects polished and dyed concrete from stains and etching.
- Improves clarity and gloss
- Improves surface abrasion and durability
- 2,500 sq. ft./gallon

Stock No.	Description	Price Ea.
102206	Super Guard, 5 Gal .....	\$57.20

Floor Maintenance

**Aztec LowRider  
27" High Speed Propane Burnisher**

This newly designed and aggressive LowRider burnisher has a rugged, solid steel body design with an ultra low 4" profile with dust control for buffing and polishing under racks and hard to reach areas. LowRider also includes an advanced composite polymer pad driver and dust control upgrade.

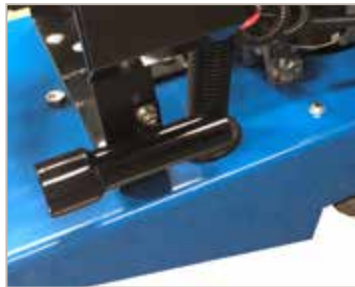

- Dust Control, Auto Emission Shut Down and Centrifugal Clutch
- Ultra low profile: 4" (10cm) for burnishing hard to reach areas
- 18HP 603cc Kawasaki engine with low oil shut down and safety regulator fuel system
- Premium catalytic muffler for ultra low CARB and EPA emissions
- 12 volt battery key start
- Adjustable comfort handle with click-n-lock throttle cable
- Advanced polymer composite pad driver
- Adjustable back wheels for controlled pad pressure
- Floating Dust Control Skirt
- Green cleaning certifications: EPA, CARB, LEED, CE, GS-42

Stock No.	Description	Price
070270	27" Burnisher.....	\$3,699.00

Pad Size	27" (63 cm)

### Quarry Master MCL17E

A simple, yet unique, "select-a-weight" (100-195 lb.) range allows you to balance energy needs at less than 15 amps, and at 145 rpm, with enhanced torque. The triple planetary gear box (11:1) and 1-1/2 horsepower motor accommodates a variety of drive pads to handle diamond discs (5-point contact) powdered and liquid chemicals, Tynex or Steel brushes for concrete, and various other brushes for stripping, scrubbing, and polishing. It even has self-contained or continuous center-feed liquid source alternatives (optional).

Stock No.	Description	Price
447124	MCL17E Machine.....	\$1,729.25
447130	10 lb. Weight.....	\$62.33
447129	25 lb. Weight.....	\$112.85

### Surface Pro® Plus QRS Rubber Spacers

The Mighty-Lok 3 is a multi-purpose pad driver that can be used with pads, bonnets, diamond discs and abrasive pucks. Available in sizes ranging from 13 to 20 inches, it also includes a molded riser and universal Malish NP-9200 Tru-Fit Clutch Plate built into the block. The long wear facing will not tear or de-laminate over time. Call for prices and availability on other sizes.

Stock No.	Description	Price
115241	17" Might-Lok 3 Driver.....	\$82.35
447174	20" Might-Lok 3 Driver.....	\$95.00

### Surface Pro® Select Drive Plates

- Standard 17" QRS backed plate
- Features high efficiency water channels to direct water to diamonds for maximum effect

Stock No.	Description	Price
115033	17" Diameter.....	\$156.28

### Spike Pad for Nylon Pads

The molded polymer pad face has hundreds of individual hooks that grip into the threads of a floor pad and hold it securely while operating. The solid block includes a built-in riser and showerfeed holes allow use with solution dispensing machines. The outer solution ring ensures the solution is fed properly through the block, not splashed over the outer edges.

Stock No.	Description	Price
447141	16" Spike Pad for Nylon Pads.....	\$99.00

### Surface Pro® Select Disc Holders

- Converts standard drive plates to diamond disc drivers
- Economical way to make one drive plate do two jobs
- Depressed QRS surface with sure hold edges
- Fits all Surface Pro™ Lippage and Polishing discs (83mm diameter)
- Easy to install and remove

Stock No.	Description	Price
400410	For 83mm Discs.....	\$16.00

### Surface Pro® Plus QRS Rubber Spacers

Stock No.	Description	Price
100212	3" Diameter.....	\$8.25

## Cimex

### Cimex Planetary Head Floor Machines

- Three head planetary machines for concrete, stone and terrazzo floor restoration, lippage removal, grinds freshly poured terrazzo, coatings removal, surface preparation
- Additional 35 lbs. weights available, all machines equipped with vacuum port
- Set of three Velcro™ heads
- For wet or dry use
- High productivity

SPECIFICATIONS	
Motor Power	2 hp
Head Speed	880 RPM
Tank Capacity	6.6 gallons
Working Width	19 inches
Weight	132 lbs.
Noise Level	65 dB(A)
Cable Length	50 ft.
Head Diameter	8 inches

**CIMEX**

Stock No.	Description	Price
700119	Cimex 19" .....	\$4,695.00
700224	Cimex 24" .....	6,495.00
700231	35 lb. Horseshoe Weight.....	215.00

### Quick Change Plates

Put down your screw driver. The Surface Pro® Quick Change System allows you to quickly and easily change all your diamonds without using tools.

Stock No.	Description	Price
200626	8" Single Plate for 19" .....	\$115.00

### Cimex Rubber Grommet

For pro drivers, brushes, scarifiers and scrapers.

- Ensure smooth operation
- Protect drivers, brushes, etc. from damage
- 4 grommets per head, 3 heads per machine so 12 grommets per set

Stock No.	Description	Price
700232	Rubber Grommet.....	\$10.92/Ea.

### Wire Brushes

Steel wire brushes with 1.6 or 2mm diameter wire bristle. For general/heavy scarifying and buildup or coating removal with 19" machine.

- Available in Heavy Duty or Medium

Stock No.	Description	Price
700133	Heavy Duty Wire Brushes.....	\$248.00/Set of 3

### Velcro™ Pad Drivers

Secure hook and loop locking system allows for effective use of diamond resin pads and accessories.

Stock No.	Description	Price
700121	Set of 3 for 19" .....	\$231.00

### Floor Stripping Brushes

For aggressive scrubbing of concrete & stripping of resilient terrazzo or tile floors. Bristles are impregnated with 80 grit silicon carbide for extra scrubbing power.

Stock No.	Description	Price
700127	Set of 3 for 19" .....	\$331.00

### Carbide Scraper

Scraper with 4 sided blade to remove mastic, tar, fiberglass, specialty coatings and other buildup without damaging surface. One size fits 19", 24" and 30".

Stock No.	Description	Price
700229	Set of 3 Scrapers.....	\$895.00

### Polypropylene Brushes

Safe for use on most surfaces, great for economical general scrubbing.

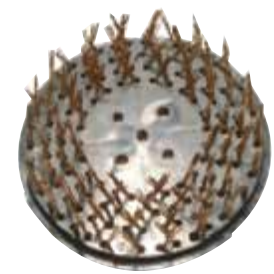

Stock No.	Description	Price
700118	Set of 3 for 19" .....	\$172.00

### Steel Cutter Scarifiers

Effective scarifying tool with pointed steel teeth for removal of coatings, and grinding concrete.

Stock No.	Description	Price
700135	Set of 3 for 19" .....	\$595.00

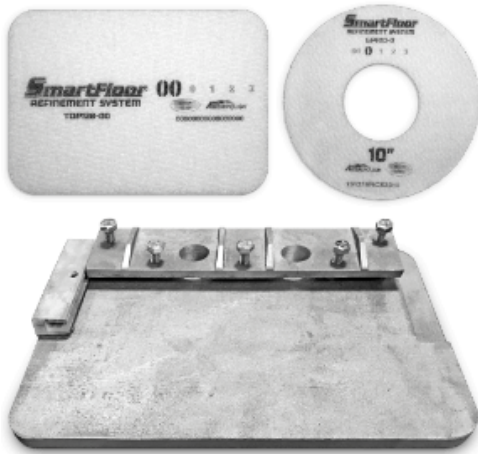

### Non-Spark Wire Brushes

Non-spark brush features PhosBronze wire bristles for safely cleaning near combustible materials. For general scarifying and coating removal.

Stock No.	Description	Price
700131	Set of 3 for 19" .....	\$310.00

## Ameripolish SmartFloor™ Refinement System

The SmartFloor™ Refinement System concept is engineered to provide a high-aesthetic floor that is an easy and economical way to utilize any polishing machines, including power trowels. The SmartFloor™ Refinement System consists of pads that have composite resin abrasive technology embedded in their design. The SmartFloor™ Refinement System The SmartFloor™ Refinement System allows for easy assembly of universal blade holders, that will allow the user of the machine to equip abrasives to virtually any power trowel machine. Additionally, the SmartFloor™ Refinement System can be outfitted to machines with our patented blade system or complement your planetary system with our custom ring designs.

## Ameripolish Restoration and Maintenance

The SmartFloor™ concept is engineered to provide the end user with a highly aesthetic floor and an easy and economical way to maintain a polished concrete floor utilizing standard janitorial equipment and existing personnel. The SmartFloor™ Pad System consists of DOI Inserts for daily maintenance and Stain Remediation Inserts (SRI) for remediating etches and stains from polished concrete floors. The SmartFloor™ Pad System Inserts are made of unique diamond agglomerate technology that maintain a highly-refined floor without ongoing stock removal and also successfully remediate etches and stains.

Power Tools

**Labyrinth Construction**  
Seals and protects the motor and bearing from dust and debris.

**Leaf Spring and Cam Gear Drive**  
Engineered to reduce vibration from dust and debris.

**"Tool-less" Wheel Guard Adjustment**  
For easy adjustment.

**Features**

**12.0 Amp Motor**  
Delivers more output and variable (2,800 - 11,000) RPM

**Variable Speed Control Dial**  
Enables you to match the speed to the application.

**SJS™ (Super Joint System) II Technology**  
Is a two-part mechanical gear drive system (leaf spring & cam gear) designed to provide increased durability and comfort

**Vibration Absorbing Side Handle**  
Provides increased comfort on the job.

**Spring mounted brush ring**  
Excellent handling on rough surfaces, longer brush life

### 5" Metabo® Variable Speed Concrete Renovation Grinder RSEV 19-125 RT

- Powerful electronic 15 AMP motor
- Variable speed 3800-8200 RPM
- Torque of 44 in-lbs, high torque and overload capacity for demanding applications in continuous use
- Effective for spot sanding and removal and working close to edges with the integrated convertible segment
- Full wave electronics with thumb wheel; for working at customized speeds to suit the application material and speeds that remain almost constant

825750 Grinder ..... \$503.95  
Replacement Carbon Brush (set)  
316065 ..... 12.95

Hard case included

### Metabo® PE15-30 Polisher

**NEW!**

**metabo**  
PROFESSIONAL POWER TOOL SOLUTIONS

- Power with ideal speed range for grinding and polishing stone surfaces
- Maximum productivity with powerful 1,500 watt motor and high-torque planetary gear train
- Vario-Tacho-Constamatic (VTC)-Full Wave Electronics with Thumbwheel: for working at customized speeds to suit the application material and speeds that remain almost constant, even under load
- Front handle for safe and uniform guidance when working, adjustable without tools
- Overload protection: protects the motor from overheating
- Electronic soft start for smooth start-up
- Restart protection: prevents unintentional start-up after power supply interruption
- Auto-stop carbon brushes to protect the motor

615300 Polisher ..... \$322.50

 116404 ..... 12.95

**7" Makita® 923CX3 Variable Speed Polisher**

- 10 AMP motor
- 0 - 3,000 RPM
- 5/8" - 11 UNC
- Overload protection
- 7 lbs.

• Includes: 7" Hook & loop backing pad, Wrench, Side-Handle, Tool bag, 7" Wool bonnet, hook & loop compounding.

116851 ..... **\$291.50**

**Alpha® Ecocutter**

Equipped with a built-in impeller to generate air flow to draw dust back, and deliver it to the dust bag.

- 110 Volts, 11.2 AMP, 1200W motor
- 5" cutting disc diameter
- 12,000 RPM, 7/8" arbor
- 1-1/8" cutting depth

569741 ..... **\$340.35**

**FLEX**

**5" Flex LE12-3 100 Variable Speed Wet Polisher**

- 1,200 - 3,700 RMP motor
- 9.3 APM
- Soft start with overload protection
- 5.3 lbs.

116615 ..... **\$369.00**

**Omni Cubed™ Dust Shroud Adaptor**

- For 7" Dustbuddie, Makita & Bosch
- 3,000 Max RPM
- Achieve clean and consistent edges without wall damage

350295 ..... **\$30.00**

**PEARL**

**Pearl® Easy Hammer Trolley**

The Easy Hammer® trolley is an innovative tool for fast and easy removal of a variety of flooring including all tiles, thin-set, vinyl, wood, cork and much more. No more struggling with trying to handle heavy jackhammers.

The Easy Hammer® trolley can be easily adjusted to 5 different positions and is suited for most demolition jobs.

- Tool Weight: 65 lbs.

Works well with:

- Bosch® 11335K
- Makita® HM1317CB/ HM1307CB
- Milwaukee® 5337-21
- Hitachi® H65SD2
- Dewalt® D25960K

## Planetary Polishing Equipment

### Klindex UFO 330 Variable Speed Planetary Polisher

The Klindex UFO 330 is a unique solution to producing planetary polishing results with a small tool investment. The UFO 33 uses the proven technology of a full-scale floor machine but in a much smaller package.

Some "planetary" countertop tools are really no more than hand grinders retrofitted with a gear case to create a planetary effect and are not built to withstand the rigors of professional use. The Klindex UFO 330 features a large, 1 horse power motor that is centered over the grinding head making the 36 lbs. machine superior in creating an even surface.

- 13" working width
- 1 hp motor power
- Power requirement: 1-phase, 110 or 220V, 10 Amp
- 1,000 RPM
- Weight: 36 lbs.
- Includes 3, 5" Aluminum backers
- Tank capacity: 2 Liters
- Made in Italy

Stock No.	Price
993131 .....	\$4,140.00

Stock No.	Description .....	Price
993116	Long handle for UFO 330 105CM.....	\$778.80

Horsepower	1
Voltage	1ph x 110V / 220V
Tank Capacity	2 liter
Dedicated Breaker	10 Amp
Weight of Machine	36 lbs
Working Width	12" - 13"

### 3-Head Planetary Polisher Model DS3011

A rugged planetary tool designed to produce a flat, swirl free finish on counter tops, floors, wall and steps.

The DS 3011 can utilize a variety of abrasive products to fit many different applications including grinding, polishing, and texturing natural stone, terrazzo, and concrete.

- Use 3 x 5" diamond polishing pads or grinding discs

Stock No.	Price
117752 .....	\$2,600.00

Comes to less than 1/4" from the wall

Power	60 Hz
Voltage	115V
Drive Speed	2,500 Rpm
Platen Speed	405 Rpm
Dedicated Breaker	11 Amp
Weight of Machine	30 lbs
Working Width	12" - 13"

## MB Stone Care MB-12 Polishing Powder

MB Stone Care & Supply gives you their formula MB-12. This products is an amazing performer that polishes to a deep gloss - most of the times higher than factory. MB-12 Polishing Cream is specifically designed for "Dry-polishing," although it could also be used for wet-polishing.

Stock No.	Description	Price
359400	MB-12 Polishing Powder 1 pound .....	<b>\$15.00</b>

## MB Stone Care MB-14 Honing Powder

Applied with a Hogs Hair Pads, honing powders can eliminate the window pane effect you would see when using diamond pads on a floor with lippage, providing an inexpensive solution for this common problem. Do not let the powder become completely dry when using. A somewhat loose mixture is recommended, adding water as you go.

Stock No.	Description	Grit	Size	Price
446558	MB-14 Honing Powder	150 Grit	1 lb .....	<b>\$15.75</b>
446559	MB-14 Honing Powder	250 Grit	1 lb .....	<b>15.75</b>

### MOHS Hardness Kit for Materials Testing

Use this convenient and portable tool to perform a scratch test on materials to determine MOHS Hardness value. On this scale, ranges from 1 to 10, Talc is softest at 1, Diamond is hardest at 10.

The kit includes 8 color coded and stamped Hardness Points, equal to MOHS 2 through 9, each affixed to a handy pin vise for maximum control in performing the scratch test. Example, if the No. 5 point scratches the material, but No. 4 point does not, then material's Hardness is between 4.0 and 5.0, or about 4.5.

Stock No.	Price
400109.....	\$96.25

#### Mohs Hardness Chart

	Mohs Scale	Mineral
Soft	1	Talcum
	2	Salt
	3	Limestone
Medium Hard	4	Dolomite
	5	Apatite
	6	Feldspar
Hard	7	Quartz
	8	Topaz
	9	Corundum
	10	Diamond

## Terms and Conditions

### Credit Policy

To qualify for open account status, a credit application must be completed in full. Satisfactory references are required. Those approved for open account are notified by mail. Companies not qualifying for open account are either C.O.D. or cash with order. The amount of credit we extend to a customer is subject to change or limitation at any time, either before or after the delivery or any part thereof of an order. Payment in cash may be required as a precedent to delivery. If a customer account is in arrears, we shall have the right, in addition to all other legal remedies, and without prejudice to any other of our rights, to defer further deliveries until full payment is received. Receipt of payment, whether full or partial, shall in no way obligate us to extend further credit. In case the business of a customer is sold or transferred, or a customer becomes insolvent, or is sued by any creditor, or by customer, or a receiver is appointed for the customer or the customer's business, then in each such event the total amount shall be at once due and payable without notice or demand of any kind. Should a customer's check be returned by the bank, there will be a returned check charge, which is currently \$50. This fee is subject to change without notice.

A 2% credit card payment processing fee will be applied to all customer payments on account. Point of purchase credit card payments will not be charged a processing fee. To avoid credit card processing fee on account payments, please contact our accounts receivable department at 770-621-5211 for payment by check information

### Statement of Liability

The following statement is made in lieu of all warranties, expressed or implied; GranQuartz and/or manufacturer's only obligation shall be to replace such quantity of product proven to be defective provided that such guarantees or replacement are a stated policy of the manufacturer. GranQuartz and/or manufacturer shall not be liable for any injury, loss or damage, direct, incidental or consequential, arising out of the use or the inability to use the product. Before using, user shall determine the suitability of the product for its intended use, and user assumes all risk and liability whatsoever in connection herewith. The foregoing may not be altered except by officers of GranQuartz.

### Shipping Policy

Unless otherwise stipulated, goods covered within an order shall be shipped "FOB origin". Title to said goods pass to Buyer upon departure from the shipping point, regardless of risk of loss. Transportation charges on goods delivered FOB origin must be paid in accordance to customer terms noted on the invoice.

### Terms of Sale

Our terms are net 30 from date of invoice, past due thereafter. A service charge of 1.5% per month will be charged on all accounts not paid by the month end. First-time shipments are sent C.O.D. or by credit card. If the first order is over \$500.00, we require payment by cash, money order, or certified check. We also accept Mastercard, VISA, American Express and Discover Card.

### Power Tool Repair Policy

Company is not responsible for the warranty repair and/or maintenance service, please contact the manufacturer for the closest manufacturer warranty repair center for the following tools:

- Makita: 1-800-4MAKITA
- Flex: (402) 933-7759
- Metabo: 1-800-638-2264
- Alpha: 1-800-648-7229

### Power Tool Warranties By Manufacturer

**Alpha:** Alpha power tools offers a one year limited warranty against factory defects on all tools purchased after January 1, 2016. Any tool returned during the warranty period that is found to be damaged or defective due to misuse or normal wear and tear and not as a result of manufacturing or material defects will be quoted a \$30.00 labor fee plus the cost of parts necessary for repair. NOTE: Misuse, improper service, altered, disassembled tools or tools determined to be repaired by an unauthorized service center will be subject to voided warranty. Non-warranty repairs will be charged a \$30.00 bench fee per tool before an estimate for repair is determined. Repaired tools will be shipped back to customer freight pre-paid. All unclaimed tools not resolved within a 90-day period become the property of Alpha. All quoted tools that are processed as Do-Not-Repair-Do-Not-Return (DNRDNR) will be returned to customer at the customer's expense. All tool repairs carry a 30-day warranty. Alpha offers repair centers in the USA. All Alpha warranty and non-warranty repairs are to be sent directly to Alpha repair centers by the customer. Customer is responsible for all freight charges when returning tools to Alpha for repair. An RGA must be obtained from Alpha prior to shipment. Tools may be

returned for repair to Alpha Professional Tools, 103 Bauer Dr., Oakland, NJ 07436-3102 (EASTERN USA) Telephone: 800-648-7229, Fax: 800-286-0114, email: [tooldesk@alpha-tools.com](mailto:tooldesk@alpha-tools.com) or A1 Industrial & eReplacementParts.com, 7036 South High Tech Dr., Midvale, UT 84047 (WESTERN USA) Telephone: 801-285-7232, email: [dale@replacementparts.com](mailto:dale@replacementparts.com).

### Makita

All Makita power tools have a 1-year limited warranty against factory defects from date of purchase. Makita offers a tool replacement for any tool that fails within the first 30 days from date of purchase (please obtain an RGA from GranQuartz Customer Service prior to replacing the tool). All Makita warranty and non-warranty repairs are to be sent directly to Makita or an Authorized Repair Center by the customer. Telephone: 1-800-4MAKITA [www.makita-tools.com/en-us/Modules/Service/ServiceCenters.aspx](http://www.makita-tools.com/en-us/Modules/Service/ServiceCenters.aspx)

**Metabo:** All Metabo power tools have a 1-year limited warranty against factory defects from date of purchase. An additional 2-year limited warranty can be obtained if the product is registered at [www.metabo.com/xxl](http://www.metabo.com/xxl). Metabo offers a tool replacement for any tool that fails within the first 30 days from date of purchase. Please obtain an RGA from GranQuartz Customer Service prior to replacing the tool. All Metabo warranty and non-warranty repairs are to be sent directly to Metabo or an Authorized Repair Center by the customer. For a complete list of service centers, visit [www.metabo.us/Services-Support.3649.0.html](http://www.metabo.us/Services-Support.3649.0.html).

**Private Label Brands: Refers:** to All GranQuartz®, Pro Series®, Assassin®, and Dairex® branded air polishers. GranQuartz's private label tools have a 30 day limited warranty against factory defects from the date of purchase. All warranty repairs or out of warranty repairs should be sent directly to Rometry Power Tool Repair from the customer. Rometry Power Tool Repair, 121 Price Hills Trail, Sugar Hill, GA 30518. Telephone: 770-932-8175 Fax: 678-765-2685 [romedy121@charter.net](mailto:romedy121@charter.net)

**LAVINA:** Superabrasive warrants, from the time of delivery and receipt by the original customer, new and unused products sold by Superabrasive or Superabrasive-appointed distributors or dealers. Goods shall be free from defects in materials and workmanship. Superabrasive or a Superabrasive-appointed repair facility shall either replace or repair any defects in the Goods resulting from faulty design, materials, or workmanship. Products repaired or replaced during the warranty

(continued next page)

period shall be covered by the foregoing warranty for the remainder of the original warranty period, or ninety (90) days from date of the repair or shipment of the replacement, whichever is longer.

Warranty period shall be 2 years from the time of delivery and receipt by the original customer, or 600 operating hours for X and S models, whichever occurs first. Superabrasive will cover the shipping charges for the transportation of the machine to Superabrasive (or an approved repair facility) and back to the customer (within the contiguous 48 United States) in the event that the damage occurs and is reported

**Lavina continued:**

within 200 operating hours (up to 2 years). Thereafter, the customer will have to cover the shipping charges to Superabrasive and back. Superabrasive shall not be liable for any defects that are caused by circumstances that occur after the Goods have been delivered and whilst the Goods are in the possession of the purchaser. Furthermore, the warranty does not include normal wear and tear or deterioration. Wear parts are not warranted.

Superabrasive is not liable for defects arising out of use of non-OEM parts.

**Ermator:** All Ermator devices have a 12-month factory warranty for material and manufacturing defects. The warranty extends to 36 months (24 months for the S36P, T8600PT, T4000G and T7500G) when the warranty card is returned. The warranty does not cover the defect which are the result of normal wear and tear, negligence, defective use, unauthorized repair or the suction apparatus being connected to the incorrect voltage. In the event of any complaint, the suction apparatus or an agreed part of it must be returned to us or our authorized representative for warranty examination and for any warranty repair or replacement.

### Return Policy

A Return Authorization Number (RGA#) is required for all product returns. An RGA# and shipping instructions can be obtained by contacting Customer Service. No returns will be accepted without an RGA#.

#### GranQuartz Customer Service: 800-458-6222

- A 15% re-stocking fee will be applied to all returned goods on stock material (non-defective products).
  - All returns must be shipped back in original, unopened packaging in order to receive credit.
  - No returns authorized after 90 days from date of purchase.
  - No returns will be accepted or credit issued on used products, unless they are proven to be defective.
  - All claims of shortages must be reported to customer service within 48 hours of receipt.
  - No returns will be authorized on Hazmat products, chemicals, or adhesives.
  - No returns will be authorized on special order items including special order CNC tools.
  - Customers must pay shipping charges on all returns.
- Upon receipt and inspection of the product return, GranQuartz will issue a refund on shipping charges if it is proven that there was a shipping error or the product was defective.
- Returns are limited to 10% of the previous 12 months net purchases.
